

OnStar FMV

OnStar® FMV (For My Vehicle) offers our comprehensive safety, security, navigation and communications services to people whose vehicles weren't originally equipped with OnStar.

automatic crash response

Our built-in system automatically alerts OnStar if you're in a crash...even if you can't ask for help.

emergency

You need help. We're ready to answer the call. Press the red emergency button and OnStar becomes your priority link to emergency service providers.

security

(Roadside Assistance, Stolen Vehicle Assistance) When the unexpected happens on the road, we can help lead licensed motor club carrier service providers or police to the exact GPS location of your vehicle.

navigation

If you don't know exactly how to get where you're going, this simple, smart system is always available to keep you on course with just a single button press.

connections

(OnStar Hands-Free Calling, Bluetooth® Connectivity) Eyes on the road. Hands on the wheel. Stay connected the safe way with available hands-free choices.

Product Overview

OnStar® FMV (For My Vehicle) brings our powerfully simple services to a whole new audience — people whose vehicles weren't originally equipped with OnStar! Now, nearly anyone can be safely connected in ways they never thought possible, with services such as Automatic Crash Response², Turn-by-Turn Navigation³ and Hands-Free Calling⁴. Most important, they can talk to a real person when they need a hand, 24 hours a day, 7 days a week.

It's time for everyone to discover what more than 5.5 million subscribers already know. OnStar is like nothing else out there. And the more you use it, the better it gets.

Product Features

Blue OnStar Button

Push anytime you'd like to speak with an OnStar Advisor, 24/7/365.

Red Emergency Button

Push during a crisis to get a priority connection to a specially trained OnStar Advisor.

Hands-Free Calling Button

Push to make or receive calls or initiate Bluetooth® voice commands.

• Built-In Crash Sensors

Sensors alert the Advisor of specific crash details, which are relayed to emergency service providers.

• Built-In GPS

An Advisor can quickly pinpoint your exact GPS location.

• Built-In Cellular

The buttons beneath the mirror are functional, even if the vehicle's ignition is not on, and can be pushed to get a cellular connection to a specially trained OnStar Advisor.

• Bluetooth® Wireless Technology

Make, answer and end hands-free calls using a Bluetooth®-enabled cell phone.

• Backlit System Status and Icon Indicators

Easily identify buttons and system communications.

• Voice Recognition

Control the system hands-free, using simple, intuitive voice commands.

• Customer Support

A real person is ready to help in a variety of situations anytime, day or night.
